

H 2 Oh!

Advanced Water Systems

Trey Brothers, Gio Scott-McCabe,
Cole Wagenhals, and Kira Wence

Problem

- Water supply can cause poor side effects
 - Diarrhea
 - Abdominal Cramps
 - Nausea
 - Vomiting
 - Fever
- 14% of households had positive tests for CFUs

H 2 Oh!

- 14 Stage Water Purification
 - Licensed tech from Radiant Life
 - Filtration, Purification, Sterilization, Restructuring, Reprogramming, Remineralizing
- 750 gal refillable water tank
- All water flows through filtration back into the tank

Cost and Revenue

Costs

- Manufacturing
- Installation
- Transportation
- Equipment

Revenues

- There will not be any profit made on the installation of H₂O!
- Refilling water on monthly basis
- Maintenance on system
- Filter Changes

How will H 2 Oh! get out there?

- Alabama Department of Economic and Community Affairs (ADECA)
 - Water Supply Assistance
 - Water Conservation
- Advertise in local hot spots
- Rural magazines and local papers

Growing Our Water Market

- Move to other states with clean water issues
 - Flint, Michigan
- Expand globally to third world countries

The Water
Project
